

£90 CASHBACK CAMPAIGN

The **£90.00 cashback** promotion will be accorded only for the **first 5 enrolled** candidates on each month for the following period – November, December and January 2019.

Eligible candidates for this reward have to already be enrolled as a paid learner on our any of these three new courses:

- **South Cambridgeshire**
- **Sheffield**
- **Stockport**

Main condition for this cashback reward is to complete an online form with minimum **20 new questions** found at the official Knowledge Test in the Council of your choice.

After the official assessment have been passed each learner has to fill the form found inside their PHA account at the FAQ section under the **£90 cashback reward** link with these 15 new questions.

If all these 15 questions submitted by the candidate inside this form cannot be found on our course that you have completed with Private Hire Academy, we will refund you the amount of £90.00 in your bank account.

The £90 cashback reward will be credited once only and refunded to your bank account 30 days after the **new 20 questions** have been submitted online.

If the learner cannot submit the **20 new different questions** that are totally new, outside our online course the cashback reward will not be refunded to that particular candidate.

We are reserving the right to classify as eligible these **“New Questions”** as we are only looking for any new POI or Roads that might be missing from our course content (on both the Theory or the Mock Tests modules).

The course for the **BTEC certificate Level 2** does not qualify for this **£90 cashback** reward campaign.
